Photography is more than just images to hang on your wall. It's about preserving the moments, emotions, and connections that make your story uniquely yours. At Haley Renee Photography, every session is designed to be an experience, not just an appointment. From our first conversation to final artwork delivery, I strive to create a comfortable, enjoyable environment where you can showcase your authentic self. Investing in professional photography ensures the important milestones and small moments alike can be preserved with care and intention.

When you book a portrait experience with Haley Renee Photography, you're not just paying for photos. You're investing in:

- *An enjoyable, stress-free experience*
- *Portraits that reflect real emotion and genuine connection*
- *Timeless, professional-quality portraits and artwork*
- *Memories you'll treasure for a lifetime*

WHAT CLIENTS SAY

I highly recommend Haley if you're looking for a photographer! I've done multiple sessions with Haley and loved every second of all of them. She was warm and patient each time, especially having a dog that needs time to feel comfortable with someone. Even during the first photo session, my dog warmed up to her very quickly and was pretty at ease every other time after that! I get and feel awkward in front of the camera, too, but I never felt that way during any of the photo sessions. I love every picture, and I now have professional pictures to show off! I am definitely booking more pictures in the future. Truly a lovely time, and I can't thank her enough!

ABOUT SESSION LOCATION & TRAVEL

I love bringing sessions to the places that matter to you whether that's your home, favorite trail, or a spot with sentimental meaning.

Here's how travel is handled:

- 0-15 miles: included
- 15-30 miles: \$33
- 30-45 miles: \$53
- 45+ miles: custom quote, just ask!

Travel fees are confirmed at booking, so there are never any surprises on session day.

Some of my favorite included local spots include Blue Spruce Park, Yellow Creek State Park, Pine Ridge Park, IUP Campus (especially the Oak Grove), Downtown Indiana, and Meg's Blooms & Brews fields at Yarnik's Farm (available for summer/fall)!

I also love exploring locations outside my usual range. If there's somewhere special to you beyond 45 miles, just ask and I'll put together a custom quote.
