SESSION GUIDE

Photography services offered in Indiana, PA & surrounding areas

W E L C O M E

Hey there! Life is full of exciting memories, and I'm looking forward to walking alongside you through the whole process!

I care not only about the photos you will see after your session is over but also the memories you make getting to the finished product. I believe in listening to my clients' ideas and capturing the moments that matter.

I strive to personalize each and every session down to communicating the best outfits and time of day to fit your goals for the session. Whether it's capturing the love you share with your favorite pets (my specialty!) or taking pictures to commemorate significant life events (where are my seniors??), my goal is to be intentional, build a positive connection, and ensure you will have a finished product you can be proud to share for many years to come!

I cannot wait to brainstorm how to bring your ideas to life!

~Hailey

A CUSTOM EXPERIENCE FROM BEGINNING TO END IN 7 SIMPLE STEPS

1. Submit an [Interest Form](#) to give Haley insight into your dream session.
2. Schedule a 15-minute consult with Haley to help select a package that meets your goals and budget.
3. Enjoy complimentary planning assistance and get personalized advice on how to prepare for your session.
4. HAVE SO MUCH FUN AT YOUR PORTRAIT SESSION!!!
5. Review your gallery delivered via email.
6. Take advantage of a one-on-one design call, and get creative with Haley while creating custom-designed artwork.
7. Cherish the tangible memory from your portrait session created in your design call.

WHAT CLIENTS SAY

I highly recommend Haley Renee Photography. The booking process was so fast and easy, and Haley kept me updated every step of the way—from booking, through the photo shoot itself, then through the receipt of my finished photos. She even gave useful tips to help the photo shoot go smoothly. During the shoot, Haley was so kind, gave detailed instructions and demonstrated how to pose, and kept my dog focused on her. My dog trusted Haley instantly, which is pretty big for her, because Haley just gives off such kind and open energy. My finished photos are so beautiful. I am going to cherish them forever.

~ Sabrina Kirsch

SESSION OPTIONS

I currently offer portrait sessions for both people and pets.

Pet portrait collections are ideal for anyone with a furry companion they would like to showcase. In addition to everyday pet portraits, I offer **two specialty pet session types**: celebration of life sessions for senior pets (ask me about a discount) and welcome to the family sessions for anyone who has recently brought home a companion animal!

Individual & Family collections are great for anyone looking to capture special moments with family members or significant life events.

If you're looking for a new business portrait or branding session for your business, check out the branding collections!

Mini Sessions are offered on specified dates/times throughout the year!

MINI SESSIONS

QUICK SHOTS, LASTING MOMENTS

Throughout the year, I offer a handful of limited-edition mini sessions. These sessions are short, sweet, and bursting with personality! They are themed shoots (think blueberry picking, paws-in-the-park pet portraits, Christmas magic, and more) designed to capture big memories in a short time. With only a few slots available and new seasonal or holiday themes popping up regularly, they're perfect for families, couples, pets, or anyone craving a quick dose of photo fun. Keep an eye out, and sign up for my email list so you don't miss any opportunities! Pricing varies with session offerings.

PREPARING FOR YOUR SESSION

T I M E , L I G H T , & L O C A T I O N

Sessions are typically booked about an hour before sunset, though we can also opt for a morning session shortly after sunrise. The idea is that we want lighting that can highlight you during your session but not be too harsh.

I have several beautiful locations local to Indiana, PA that I love to photograph at regularly. I am happy to share about those options or listen to your ideas if you have a favorite spot where you would like to do your session! My goal is to make sure we work together to choose a spot that fits your style and personality.

O U T F I T S

I generally recommend clothing with minimal or monochromatic patterns to make sure you shine in your session! Light colors photograph beautifully and offer a gorgeous, dreamy vibe! If you are going for a more moody feel, you can go for a darker color, but be aware sometimes the details of the clothing can get lost in low light.

P R O P S

If you have something special you want represented in your photos, be sure to bring it, and we will do our best to find a creative way to incorporate it!

P O S I N G

If this is your first time getting professional photos, no worries or pressure! I work to be as interactive with clients as possible, so you will have lots of direction! I also will be trying out some prompts to get more candid-style shots for folks who are interested :)

PET PORTRAIT TIPS

GENERAL TIPS

Tire out your dog before the session!
Bring their favorite treats!
Bring their favorite toy!
Use a leash you don't mind having in photos.

OUTFITS / COLLARS

I know doggy outfits are super cute, but we want your companion to shine and be comfortable for the whole session! I would suggest sticking to a slip lead, collar, or collar/bandana combo to make sure your furry friend's personality can shine!

GROOMING

If you want your pup looking their best for their photoshoot, be sure to book a grooming appointment to get their coats shiny and tangle-free! Some good options are **Horses and Hounds** and **Classy Canines Pet Styling**.

TRAINING

If you want your dog on their best behavior for their session, and you are having some trouble with the basics, consider booking a training session with a local trainer like **CherryHill Canine** and **SimplyK9, LLC**.

SNEAK PEEKS & FULL GALLERY TIMELINE

You can expect a few sneak peek photos within 72 hours of our session! I get so excited about the photos that I often find myself diving into retouching shortly after a session!! It will likely take me 2-4 weeks to complete your full gallery.

GALLERY DELIVERY & SHARING

Galleries will be delivered via email as a custom-designed webpage that displays all of the information you need post-session as well as your full digital gallery. High resolution digital images may appear blurry on your screen at first! Don't be alarmed, they are large files and will come into focus once they load completely.

You are permitted to post images on social media. My only request is that you tag me or mention my business name if you use the photos on social media! It helps me reach more amazing clients like you!

WHAT'S NEXT?

LET'S DECORATE!

The reality is, we live in a digital world where photos are shared and then forgotten all too often, but there is something truly special about turning your precious memories into works of art that you will feel proud displaying in your home. Envision walking through your hallway and seeing tangible memories that bring you back to the day of your portrait session, where the focus was on living in a happy and heartfelt moment.

This customized experience gives you space to select the images that mean the most to you and the materials that reflect your personal style while leaving you with art you'll cherish for years to come!

REVIEWS

Reviews and feedback are incredibly meaningful for my small business. Reviews can help future clients feel confident in choosing me, and your feedback helps me continue to find new ways to enhance the client experience. I would be so grateful if you took a moment to share a quick review on Google. Your kind words make a bigger impact than you might realize, and I appreciate your support more than I can say!
