# INVESTMENT GUIDE

Photography is more than just images to hang on your wall. It's about preserving the moments, emotions, and connections that make your story uniquely yours. At Haley Renee Photography, every session is designed to be an experience, not just an appointment. From our first conversation to final gallery delivery, I strive to create a comfortable, enjoyable environment where your genuine moments can shine. Investing in professional photography ensures the important milestones and small moments alike can be preserved with care and intention.

**When you book a session with Haley Renee Photography, you're not just paying for photos. You're investing in:**

- *An enjoyable and stress-free experience*
- *Images that reflect real emotion and connection*
- *Professional quality that stands the test of time*
- *Memories you'll treasure for a lifetime*

*~Haley*

# WHAT CLIENTS SAY

I highly recommend Haley if you're looking for a photographer! I've done multiple sessions with Haley and loved every second of all of them. She was warm and patient each time, especially having a dog that needs time to feel comfortable with someone. Even during the first photo session, my dog warmed up to her very quickly and was pretty at ease every other time after that! I get and feel awkward in front of the camera, too, but I never felt that way during any of the photo sessions. I love every picture, and I now have professional pictures to show off! I am definitely booking more pictures in the future. Truly a lovely time, and I can't thank her enough!

~ Emily Lambert

# SESSION OPTIONS

I currently offer portrait sessions for both people and pets.

Pet portrait collections are ideal for anyone with a furry companion they would like to showcase. In addition to everyday pet portraits, I offer **two specialty pet session types**: celebration of life sessions for senior pets (ask me about a discount) and welcome to the family sessions for anyone who has recently brought home a companion animal!

Individual & Family collections are great for anyone looking to capture special moments with family members or significant life events.

If you're looking for a new business portrait or branding session for your business, check out the branding collections!

Mini Sessions are offered on specified dates/times throughout the year!

## ALL SESSIONS INCLUDE:

Portraits that are hand-selected and professionally retouched

4-week access to digital gallery webpage

Option to collaborate with Haley to create custom artwork with your favorite portraits from your session
